ALBERTA
MUNICIPAL AFFAIRS

Office of the Minister
MLA, Calgary-Hays

Mtg. Date Feb 24, 2022

Agenda Item 9.1

February 24, 2022

Dear Chief Elected Officials:

I am writing to share information with you about *Budget 2022*, which my colleague, the Honourable Travis Toews, has tabled in the Alberta legislature. You will find below some details about Budget 2022 that are most closely related to Alberta Municipal Affairs and the Alberta municipalities that we all continue to serve.

Alberta's government is investing approximately \$980 million overall to build stronger communities across our province. These funds will continue to deliver important programs and services, support effective governance, and protect public safety. Alberta is moving forward to a time of economic recovery and prosperity, where Albertans have opportunities to build their skills, pursue their passions, and support themselves and their families. That's why we are continuing to provide significant infrastructure funding in the near term to support our economic recovery, even as we help municipalities adjust to new funding levels.

As we discussed last year, Municipal Sustainability Initiative (MSI) capital funding is averaging \$722 million a year for three years, from 2021-2024. We front-loaded MSI funding for 2021-22 to a total of approximately \$1.2 billion, to help municipalities recover from the pandemic and provide flexibility to ensure priority capital projects could continue. As a result, MSI funding for 2022 and 2023 has been reduced proportionately to \$485 million each year. Additionally, municipalities and Metis Settlements will continue to receive \$30 million under the operating component of the MSI program.

The goal of this strategic, multi-year funding approach is to prepare for implementation of the Local Government Fiscal Framework in 2024-25. Our government passed the *Local Government Fiscal Framework (LGFF) Act*, paving the way for Municipal Affairs to establish a predictable, reliable, long-lasting funding arrangement with Alberta municipalities that is tied to provincial revenues. Baseline funding for the first year of the LGFF in 2024-25 will remain at \$722 million, equivalent to the current three-year average funding level of MSI. The estimated 2022 MSI allocations are available on the program website [here](#).

As you are also aware, the federal Gas Tax Fund changed its name and is now called the Canada Community-Building Fund (CCBF). Fortunately, the level of funding for Alberta has not changed, and we anticipate receiving approximately \$255 million from this federal fund again this year. The estimated 2022 CCBF allocations are available on the program website [here](#).

.../2

MSI and CCBF program funding is subject to the Legislative Assembly's approval of Budget 2022. Individual allocations and 2022 funding are subject to ministerial authorization under the respective program guidelines. Federal CCBF funding is also subject to confirmation by the Government of Canada. You should anticipate receiving letters confirming MSI and CCBF funding commitments in April.

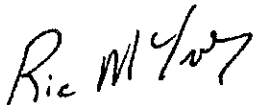

I am pleased to inform you that funding in support of local public library boards will continue to remain stable, helping to deliver important literacy resources to Albertans. We are also maintaining equivalent levels of operational funding for other services, such as the Land and Property Rights Tribunal.

As we all look to the time ahead, I can tell you that Alberta's government understands the challenges and the opportunities that are facing Alberta communities. As we continue to recover from the pandemic and prepare for economic growth, Municipal Affairs remains committed to providing sustainable levels of capital funding, to promoting economic development, and to supporting local governments as they deliver programs and services that Albertans need.

Alberta is moving forward to a prosperous financial future, and Albertans are doing their part to get us there. Alberta's government will do its part by sticking to our fiscal plan. We will continue our disciplined spending to maintain balance, and we will continue to respect Albertans' tax dollars by keeping our spending in line with other provinces.

With our eyes on these goals, we will move forward to a bright, thriving, and prosperous future where Alberta firmly secures our place as the economic engine of our nation.

Sincerely,

Ric McIver
Minister

Town of Eckville
